

2nd INTERNATIONAL CHORAL COMPETITION AEGIS CARMINIS 2021

Koper is one of the oldest Slovenian towns and it prides itself in rich architectural and cultural inheritance. Vocal music is especially popular in this town.

A number of our choirs have been placed at the top of Slovenian choral music for decades, regardless of the singers' age. Some of the reasons for their success might be the climate, the sea, the endless horizon and the sun, but we certainly know that without hard work, the great choir leaders and support, such success would be impossible to achieve.

Academic choir of University of Primorska (APZ UP) has played an important role in shaping of cultural events in Primorska region in the last decade by organizing quality concerts within the international choral and instrumental music cycle called *Simfonic voices*. Internationally established groups inspire many choral enthusiasts with their diverse programs, and at the same time encourage quality development of culture in the Primorska region and beyond. The idea of organizing an internationally recognizable festival which will be devoted to the youth, become a live in 2019. Encouraged by the feedback of the jury, competitors, audience, music experts and visiting choirs, we are organizing the second edition with new ideas and more experience.

By organizing many diverse events within the festival, we would like to offer a high level of quality to Slovenians and foreigners. The winners of the competition for composers will be presented along with International solo voice competition for young singers, non-competitive concerts and the international competition for conductors. Music is a universal language that connects and inspires people. It gives us a chance to accept diversity and at the same time unites people, regardless of their nationality and beliefs. With music, we express our feelings, we tell stories, grow, and outgrow ourselves.

We firmly believe that with your participation our festival will be unforgettable!

Artistic director of the festival
